

Messy Masterclass – Reimagining Your Messy Church: Agenda

Aim: to help Messy Church teams and leaders feel confident and equipped to be or reimagine Messy Church in a Covid-secure way that is appropriate for their own context.

The foundations

- What WERE we trying to do in Messy Church, pre-Covid?
- Why have other Messy leaders responded as they have done?
- What are the needs of our families now?
- Matching messy Church values and families' needs

Break

The future

- What options are there, and which is most helpful in our context?

There will be three separate occasions for smaller group discussion in breakout rooms when you will be considering the following questions:

After watching the Messy Church leaders' video, which leader resonates with you the most and why?

How can we meet the needs of our families NOW in a post-Covid era?

After watching the Messy Church leaders' video, what ideas will you take forward and what have you done that has worked well?
